with the people of India that have the terrible disease of leprosy. Please review the information that is in the bulletin this week. Please pray for those that are suffering from leprosy and ask yourself how you and your family can help them.

Youth Group Breakfast Fundraiser

On Sunday July 8th, our Youth group had a fundraiser event by serving breakfast. There were sixteen youth that participated along with Deacon Joe helped. This was a great opportunity for them to serve parishioners and raise funds for their upcoming activities. Plus of course it is a wonderful bonding time for them.

We have several others to thank for their participation and donations. Kevin Rupp helped with taking photos of the adults and youth while working.

Thank you for the participation from the Knights of Columbus that day and a good portion of the breakfast supplies were donated by the Knights to the Youth Group.

Damien Social Welfare Centre

DHANBAD, JHARKHAND, INDIA

in the service of humanity, 1964 onwards

Damien Social Welfare Centre is named after St. Damien, the Leper Priest, as he is better known, a hero of Molokai, Hawaii. He served the lepers at Molokai from March 1864 till his death on 13 April 1889. He volunteered to serve the abandoned leprosy patients in Molokai, when no one, even under the vows of obedience, agreed to go. At the age of 49 Fr. Damien had become a victim of the dreaded disease in the course of serving the outcaste lepers.

What causes leprosy?

Leprosy causes damages to the skin and the peripheral nervous system. The disease develops slowly (from six months to 40 years!) and results in skin lesions and deformities, most often affecting the cooler places on the body. The germs probably enter the body through the nose and possibly through broken skin. The germs get in the air through nasal discharge of untreated lepromatous patients.

Damien Social Welfare Centre was started for giving solace to the persons affected with leprosy and their dependents in 1964. Stigma was not only attached to the persons affected with leprosy, but also to their offsprings. It was difficult for them to get education along with the students from general population. A strong need was felt to educate children from leprosy background without which an all round growth and development was next to impossible.

Fr. Mike Kavanagh, S.J. an American Christian Missionary from Maryland Province, the US, started Damien Social Welfare Centre. Over the years Jesuits from the United States have continued to serve and support the center.
